JOHNNY B. BAD

THE TRUE STORY OF MARC MERO

The incredible true story of Marc Mero, the professional wrestler who went from fame and fortune to complete loss, and attempted suicide. He saw so many of his friends die of lifestyle choices and negative behaviors, that he was forced to see that there must be more to life. And he found it.

Today he mentors children through his organization Champions of Choice.

Johnny B. Bad is the story of one man's struggle to gain the pinnacle of success, only to find enormous loss.
