# SAVING LIVINGSTON

EVERYONE HAS A PURPOSE...  
LIVINGSTON WAS JUST TRYING TO FIND ONE!

Livingston Green is a man with a wonky compass, always turning left when he should turn right. A loveable sort, he picks pockets his way through life until his association with a family of bumbling crooks forces him to flee... straight into a small church and into the waiting arms of an eccentric church family.

There he meets Fisher, a 9 year old modern day Tom Sawyer, abandoned and living in secret in the basement of this 100 year old church building.

A sudden storm traps a small group of children and adults in the building overnight - with Livingston's past hot on his heels.

In the genre of *Goonies* and *Home Alone*, *Saving Livingston* is a lighthearted story about a man who poses as a Sunday School teacher to steal the fifty thousand dollars he needs to save his worthless life. When the kids discover what he's up to, not only do they foil the bad guys with a wonderful twist, but they save more than just his life - They save his soul.
